The Honorable Rosa L. DeLauro

Washington, DC 20515

Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the Southern Brooklyn Crosstown B82 SBS project in fiscal year 2024. The entity to receive funding for this project is the New York City Department of Transportation, located at 55 Water Street, New York, NY 10041. The funding would be used for building a combination of new bus lanes with high-quality bus stations and signal timing changes, as well as safety improvements for all street users. The project is an appropriate use of taxpayer funds because this project will provide public transit improvements in a section of Brooklyn with no subway. It will improve bus speeds, bring the roadway up to a state of good repair and install numerous safety and ADA improvements throughout the corridor.

The project has a Federal nexus because the funding provided is for purposes authorized by 23 USC 133(b).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

HAKEEM JEFFRIES
Member of Congress
